

Maine Poly Acquisition Corp.)	Departmental
Androscoggin County)	Findings of Fact and Order
Greene, Maine)	Air Emission License
A-580-71-G-T)	Transfer

After review of the file and related materials submitted with regard to the above noted application, pursuant to Title 38, M.R.S.A., Section 590 and Chapter 2 of the Department Regulations, the Department finds the following facts:

I. Maine Poly Acquisition Corp. (MPAC) has requested the transfer of Air Emission License A-580-74-B-N from Maine Poly, Inc. to MPAC through a letter to the Bureau of Air Quality dated February 22, 2002, with additional information submitted September 16, 2002. The facility produces flexible packaging with printed labels and designs. Air Emission License A-580-74-B-N, was issued to Maine Poly, Inc. on June 5, 1995 and an amendment, A-580-71-F-M was issued on February 28, 2000. A timely and complete renewal application has been submitted to the Department.

II. The full name and address of the new owner is:

Maine Poly Acquisition Corp.
933 Route 202
Greene, Maine 04236

MPAC took possession of the personal property assets of the bankrupt Maine Poly, Inc. in December 2001. The real estate was auctioned and Dancy L.L.C., a Massachusetts Limited Liability Company acquired it. MPAC is now leasing the property from Dancy L.L.C. and is considered a Tenant at Will.

III. MPAC certifies that there will be no increase in air emissions beyond that provided for in the existing license, either in quantity or type.

IV. MPAC states that it possesses the technical and financial capacity to operate the facility. Some current MPAC staff were employed at the facility when it was operating as Maine Poly, Inc. and are familiar with the operations. In addition, there are qualified personnel that MPAC can contact who have extensive experience with the equipment. Thus, the applicant feels confident that there is sufficient expertise in running the plant so as to operate completely within

compliance with the license. In December 2002, MPAC tested the regenerative thermal oxidizer control equipment and the results showed compliance.

ORDER

Based on the above, the Department concludes that the applicant for the air emission license transfer has the capacity to satisfy all applicable statutory criteria and hereby APPROVES the transfer of Air Emission License A-580-74-B-N, amendment A-580-71-F-M, and the pending renewal application from Maine Poly, Inc. to MAPC, subject to all conditions attached to them.

DONE AND DATED IN AUGUSTA, MAINE THIS DAY OF 2003.
